

## Syllabus

### Course

#### Calculus 0

15-MATH-250-003 and 15-MATH-250-004

### Text

Precalculus, 3<sup>rd</sup> Edition

by J. Douglas Faires and James DeFranza

### Instructor

Yorck Sommerhäuser

### Office

821-F Old Chemistry

Office Phone: 556-4937

### Office Hours

Tuesday, Wednesday, Thursday 1:30-2:30 pm

### E-mail

[sommeryi@ucmail.uc.edu](mailto:sommeryi@ucmail.uc.edu)

### Web page

<http://math.uc.edu/~sommeryi/Courses/CalcAut06/CalcAut06.htm>

### Schedule

Sections from chapters 1-5 and section 6.5 will be covered. There will be weekly quizzes every Tuesday starting September 26. Ishwarya Vardhani, your teaching assistant, will proctor the quizzes. There will also be two common tests, given starting at 5:00 pm in 525 Old Chemistry, and a comprehensive final exam (date, time and place to be announced).

Test 1

October 17

Test 2

November 7

Final Exam (Comprehensive)

To Be Announced

### Grading

The following percentage weights will be used to calculate your final grade.

Quizzes	10%
Homework	10%
Tests	25% <b>each</b>
Final	30%

A final average of 90% will assure a grade of at least A.  
80% will assure a grade of at least B.  
70% will assure a grade of at least C.  
60% will assure a grade of at least D.

### Homework

Problems from your weekly quizzes will be taken from the suggested problems, which are assigned as homework, but are not graded. There will be eight graded homework assignments. Late graded homework will not be accepted.

### Quizzes

There will be no make-up quizzes or tests. However, your lowest quiz grade will be dropped.

### Tutoring

There is math-tutoring help available at no charge in the Mathematics Learning Center (MLC), located in 614 Old Chemistry.
