**Prerequisite:** Mathematics 1000

**Textbook:** *Calculus: Early Transcendentals with WebAssign Access Card*, 8th edition, by James Stewart. (The access card can be purchased on its own, or in a bundle with a print copy of the textbook. The access card grants you access to both WebAssign and the e-book version of the textbook.)

**Evaluation:** 5% WebAssign, 10% Assignments, 30% Tests, 55% Final Exam

**Office Hours:** Tuesday, 11:00–11:50am and 2:00–2:50pm      Wednesday, 10:00–10:50am  
Thursday, 10:00–10:50am      Friday, 2:00–2:50pm

**E-mail:** I will usually respond to e-mail within one day. If you have not received a reply after twenty-four hours, you should re-send your e-mail. Please include **Math 1001** as part of your subject line. All e-mail must be sent from a valid `mun.ca` address. Note that an e-mail should begin “Dear Dr. Sullivan” (or similar) and include your full name and student number in the body of the message.

**Web Site:** Class information, assignments and select solutions will be available on my website at <https://www.math.mun.ca/~shannon/> .

**WebAssign:** For more information about WebAssign, please see the accompanying handout or visit <https://www.math.mun.ca/webassign/> .

### Assignments:

- Homework assignments must be handed in no later than 4:00pm on the due date. They may be submitted in class or placed in Marking Box 18 on the top floor of the Mathematics Building. Late assignments will not be marked.
- Assignments should be submitted on loose leaf, letter-sized (8.5” × 11” or A4) paper, stapled in the upper left corner, written on one side only, with problems done in order. They should not be placed in folders or any other container. Assignments should include a cover page with your name and student number, the name of the course and the assignment number.
- If you are unable to submit an assignment due to illness, bereavement or other acceptable reason, please notify me (in writing or via e-mail) within 48 hours of the due date and I will average together your remaining assignments to create a mark out of 7.5. (If three or more assignments are excused, the marks for all missed assignments will instead be added to the Final Exam.) Note that documentation may be required under certain circumstances.

**Tests:**

- No notes, textbooks or other aids are permitted. Tests should be written in pencil.
- If you miss a test for an acceptable reason, please notify me (in writing or via e-mail) within 48 hours of the test date and the relevant marks will be added to the Final Exam — in other words, the value of the tests will be reduced by 15% and the Final Exam will be worth 15% more. You will not be allowed to write a missed test at a later date. Note that documentation may be required under certain circumstances.

**Supplementary Exams:** Students who have a passing term grade but a final mark of between 45–49F (inclusive) may apply to write a supplementary exam. If you pass the supplementary exam, your final mark will be recalculated using the supplementary exam grade in place of the original final exam grade; however, your new final mark cannot exceed your term grade.

**Calculators and Other Electronic Devices:** No calculators are permitted during any test or examination. Furthermore, no other electronic or telecommunications devices of any kind are permitted at your desk during any test or examination without the permission of the instructor. This includes, but is not limited to, all cell phones, smart watches, wireless devices, and MP3 players. Possession of such a device will be considered an act of academic dishonesty (see University Regulation 6.12 in the MUN Calendar).

**Help Centre:** A help centre for Math 1001 will be available roughly one week after the start of lectures. Visit <https://www.mun.ca/math/resources/mhc.php> for information.

**Academic Integrity:** Students are expected to be familiar with, and adhere to, the principles which constitute proper academic conduct (see University Regulation 6.12 in the MUN Calendar). Of particular note, you should not submit work that has been copied from another student or another source, nor allow your own work to be copied; and you should neither possess nor use any unauthorised aids during tests or exams. If you have any questions about actions which may constitute academic misconduct, you should speak to your instructor or the Memorial University of Newfoundland Students' Union (MUNSU).

**Accommodation:** Memorial University of Newfoundland is committed to ensuring an environment of understanding and respect for the dignity and worth of each student and also to supporting inclusive education based on the principles of equity, accessibility and collaboration. For more information on Memorial University's commitment to accommodation of students with disabilities, see <https://www.mun.ca/policy/site/policy.php?id=239> .
