

## MATHEMATICS 2000 (Calculus III) — Winter 2020

---

<b>Instructor:</b>	Dr. Shannon Sullivan	<b>Section:</b>	002
<b>E-mail:</b>	shannon@mun.ca	<b>Slot:</b>	09
<b>Office:</b>	HH-3037	<b>Room:</b>	ED-2018A
<b>Phone:</b>	864-8073		

---

**Prerequisite:** Mathematics 1001

**Textbook:** *Calculus: Multivariable Calculus*, 8th edition, by James Stewart. (We will not be using WebAssign as part of the evaluation scheme for this course but, if you wish, you may purchase access to the e-book version of the textbook via WebAssign. For more information, please visit <https://www.math.mun.ca/webassign/> .)

**Evaluation:** 40% Tests, 60% Final Exam

**Office Hours:** Monday and Friday, 1:00–2:50pm  
Wednesday, 11:00–11:50am

**E-mail:** I will usually respond to e-mail within one day. If you have not received a reply after twenty-four hours, you should re-send your e-mail. Please include **Math 2000** as part of your subject line. All e-mail must be sent from a valid **mun.ca** address. Note that an e-mail should begin “Dear Dr. Sullivan” (or similar) and include your full name and student number in the body of the message.

**Web Site:** Class information, worksheets and solutions will be available on my website as PDF files at <https://www.math.mun.ca/~shannon/> .

**Help Centre:** A help centre for Math 2000 will be available roughly one week after the start of lectures. Visit <https://www.mun.ca/math/resources/mhc.php> for information.

**Worksheets:** There will be no compulsory assignments. Instead, you are strongly encouraged to complete a series of worksheets which will be posted (with solutions) on the course website. At least 25% of the marks on each test will correspond to questions drawn directly from the worksheets.

**Tests:**

- No notes, textbooks or other aids are permitted. Tests should be written in pencil.
- If you miss a test for an acceptable reason, please notify me (in writing or via e-mail) within 48 hours of the test date and the relevant marks will be added to the Final Exam — in other words, the value of the tests will be reduced by 20% and the Final Exam will be worth 20% more. You will not be allowed to write a missed test at a later date. Note that documentation may be required under certain circumstances.

**Supplementary Exams:** Students who have a passing term grade but a final mark of between 45–49F (inclusive) may apply to write a supplementary exam. If you pass the supplementary exam, your final mark will be recalculated using the supplementary exam grade in place of the original final exam grade; however, your new final mark cannot exceed your term grade.

**Calculators and Other Electronic Devices:** No calculators are permitted during any test or examination. Furthermore, no other electronic or telecommunications devices of any kind are permitted at your desk during any test or examination without the permission of the instructor. This includes, but is not limited to, all cell phones, smart watches, wireless devices, and MP3 players. Possession of such a device will be considered an act of academic dishonesty (see University Regulation 6.12 in the MUN Calendar).

**Academic Integrity:** Students are expected to be familiar with, and adhere to, the principles which constitute proper academic conduct (see University Regulation 6.12 in the MUN Calendar). Of particular note, you should not submit work that has been copied from another student or another source, nor allow your own work to be copied; and you should neither possess nor use any unauthorised aids during tests or exams. If you have any questions about actions which may constitute academic misconduct, you should speak to your instructor or the Memorial University of Newfoundland Students' Union (MUNSU).

**Accommodation:** Memorial University of Newfoundland is committed to ensuring an environment of understanding and respect for the dignity and worth of each student and also to supporting inclusive education based on the principles of equity, accessibility and collaboration. For more information on Memorial University's commitment to accommodation of students with disabilities, see <https://www.mun.ca/policy/site/policy.php?id=239> .

**Important Dates:**

Jan 28, Tuesday	Last day to add courses
Feb 12, Wednesday	Test #1
Feb 17–21	Midterm Break (no classes)
Mar 10, Tuesday	Last day to drop courses without academic prejudice
Mar 18, Wednesday	Test #2
Apr 9, Thursday	Last day of lectures

The dates for the tests are tentative and will be confirmed in class. In the event of a class cancellation on the date a test is to be written, check the course website for rescheduling information.
