

**ERRATA TO THE PAPER BY X. WANG, X.-Q. ZHAO AND J. WANG [J. MATH. ANAL. APPL., 468(2018), 893-912]**

In the proof of [1, Theorem 4.4], there is an error: in the definition of  $\Omega_0$  we should change “or” into “and”; and in definition of  $\partial\Omega_0$  we should change “and” into “or”. The proof can be modified slightly by using the arguments similar to those in the proof of [2, Theorem 1 (ii)].
